- ★ Featured by Apple in "New and Noteworthy" in the App Store (Australia/New Zealand)

"shockingly high-quality" --Smokin Apps

"...what's great about 3D Bookshelf...is how the books feel in your hands: flipping each page has been a pleasure for me, a mesmerizing experience I'm really satisfied of. Well done." --MacStories.net

"Without a doubt, the graphics and interface of 3D Bookshelf Classic Literature Collection are amazing." --AppSafari

"My first impression of this app is that the visuals are outstanding. What impressed me the most though is how easy it is to use!" --AppShouter

"The 3D look and feel is really neat....definitely give a look at 3D Bookshelf. It's a great Application!" -DailyAppShow

★ Special reduced price - get it before the price goes up! ★

Enjoy some of the most time-honored stories ever written with the world's first fully 3D eBook application for iPhone and iPod touch.

Each book is recreated in full 3D and can be taken from the shelf and opened to any page. Immerse yourself in the romance of reading with the sound of the leather-bound book covers creaking and the swiping sounds of the pages turning.

Key features:

- World's first fully 3D eBook engine.
- Full, unabridged editions of each book.
- Efficient rendering system ensures longer battery life.
- View details of each book on the 3D bookshelf.

Key features:

- World's first fully 3D eBook engine.
- Full, unabridged editions of each book.
- Efficient rendering system ensures longer battery life.
- View details of each book on the 3D bookshelf.
- Sort books by Author, Title and Date Added.
- Open, close and leaf through each book in full 3D, unlike existing eBook apps that only use partial / pseudo 3D page turns.
- Auto-bookmarking allows you to quickly resume reading from where you left off.
- Atmospheric sounds enhance the reading experience.
- Sophisticated typography system.
- Tap on-screen buttons to navigate or swipe left / right to turn pages.
- Flick up on a book to reveal the page slider, to quickly find the page you want.
- Flick up on a book a second time to enter the Reading Desk Mode, where you can examine each book in full 3D.
- While in Reading Desk Mode, you can post your progress on Facebook or Twitter!
- Enjoy your music while reading. Simply play your music and then launch 3D Bookshelf! (OS 3.x)
- Optionally show/hide the UI buttons with a Tap (activate from Settings menu.)
- Invert color scheme - great for reading at night!
- Regular, Free updates.

Note: Thanks everyone who rated/reviewed 3D Bookshelf on iTunes so far. Remember, we base our updates on your feedback so keep them coming! We're working on the next update right now!
